## Principal's Corner

Dear OSSES Family Members,

Students participated in several events this week for Earth Day. Take a look at Page 11 to see the activities and special guests OSSES students had this week!

Congratulations to our OSSES Spelling Bee winners. See Page 10 for the K-2 and 3-5 winners!

BoxTops contest is back! Cut out your BoxTops and bring them in. The class who turns in the most BoxTops will win a prize. Check out Page 13 to see which classes are in the lead.

OSSES's Astronomy Night is on Friday, April 28th from 6-8 PM. As part of our Space curriculum in science, we want to give our students the opportunity to see space in a new way! It will be a family fun night filled with hands-on STEM activities to learn about our universe. This is an RSVP event, so please send in your form and \$10 per family before next Wednesday, April 26th! See Page 9 for more details! We hope to see you there!

OSSES will be offering STEM Camp this summer! See Pages 14 - 17 for more details!

We hope you enjoy your weekend and look forward to seeing your student on Monday.

Sincerely,  
Michael Singleton  
Principal

# Kindergarten

This week in Kindergarten we have been hard at work! In reading we have been focusing on comparing and contrasting fictional and nonfictional texts, as well as identifying the author's purpose in the story. In math Ms. Yamnitz and Ms. Haecherl's classes have continued their practice with subtraction and addition, and Ms. McGee and Ms.

Menoff's classes are wrapping up their unit on time. In science we have been learning about plants and participating in Earth Day activities! In social studies we are finishing up our learning on traditions and cultures. Reminder: Our LEGOLAND field trip is quickly approaching. If you have not turned in your funds and permission slips yet please do so at your earliest convenience!

Finger Monkey Visit to the Kindergarten classes!

Kindergarten Spelling Bee Finalists, Carter Lussier and Kharem Thomas

In Ms. Swank's and Ms. Anderson's class, in writing, we will begin the week by reading "The Lorax" by Dr. Seuss, and the students have used the writing process to write an informative lesson about ways that can help the Earth/ what they would do if they were The Lorax. The coincides with Earth Day on Saturday, 4/22. Our phonics study has looked at words with /ow/ and the schwa sound ('a' pronounced "uh", like in the word "across."). In reading, we have focused on the nonfiction text, "Working

Together," about animal partnerships. Our reading skill practice has focused on identifying author's reasons and synthesizing information. Our grammar focus skill is future tense verbs. In science, we have been celebrating Earth Day with many fun activities and crafts, and learning about ways to care for our Earth and why this is important. We will go on a nature walk around the school. In math we are reviewing methods of solving word problems.

Ms. Parker and Ms. Strickland's

## 1st Grade

Class are also working on Earth day in Science as well as writing. We are discussing ways to help the earth by using the "3 R's"; Reduce, Reuse, and Recycle. In spelling we have been studying ways to make the long "u" sound and we are reading leveled books that help us become fluent readers. We are just starting our math unit on fractions by dividing shapes into equal parts.

## 2nd Grade

This week was the K-2 Spelling Bee. Each class was given a spelling test, and the top 2 spellers were sent to the Bee. From Ms. Alfiky's class, the contestants were Madhav and Rachel. From Ms. Haines class were Tiana and Rashed. From Mrs. Nelson's class was Ananya and Janvi. From Mrs. Bonnell's class were Eric and Jade. We were so proud to see our very own 2nd grader, Rachel from Ms. Alfiky's class, win the Spelling Bee! Congrats to her and to all the contestants on a job well done!

Mrs. Bonnell's class has been working hard on perfecting their writing skills, specifically planning and proper paragraph format. For the past few weeks, they have been practicing how to plan and write for a one paragraph opinion paper. This week, the students are in the beginning stages of writing a three paragraph expository paper. They are very excited to show off their new skills in the coming weeks. In math, they have been reviewing this year's math skills before moving onto basic multiplication. In science,

they are comparing the similarities and differences in the needs of plants, animals, and humans. In social studies, we are focusing on culture and comparing other cultures to our own.

On Friday, the music teacher, Ms. Parrella, is taking grades K-2 on a field trip to see the Orlando Philharmonic Orchestra. We are looking forward to a fabulous time listening to wonderful music!

## 4th Grade

Mrs. Anderson's and Miss Chardavoyne's students are continuing to work hard preparing for the Math FSA by working in math centers. Our centers are baseball themed, and students placed into MLB teams. Each student earns points for the center work which showcases their skills, along with teamwork/behavior points. As part of the FSA review centers, teams are completing an FSA review packet. Our competition is close—the Detroit Tigers fell out of the lead to the New York Mets. We are eager to see which team will win the ballpark lunch party! We feel confident about our upcoming FSA test and will surely knock it out of the park.

Mrs. Anderson's friends are beginning their poetry unit by creating poetry books with examples of each style. We have

learned Cinquain' Limerick, and Haiku so far. We are also closing our Plants and Animals units in science, along with finishing our unit on Florida's Industry in Social Studies.

Ms. Thomas' class has been very busy this week! In Reading, they continued to review for FSA, as well as with the novel study of Miss Peregrine's Home for Peculiar Children. In Math, they have continued their study of the multiplication of decimal numbers. In Science, they discussed the difference between inherited and learned behaviors. In Social Studies, they discussed the effects of World War I upon the state of Florida. Our class would like to congratulate Nandana for placing in 2nd during the 3-5 Spelling Bee! We would also like to recognize Brooklynn for competing in the Spelling Bee. Both ladies did a great job spelling and representing our class!

Ms. Hurley's class is continuing our study of volume in Mathematics. In Social Studies we are moving on to studying about WWII. In Science we have been taking some extra time learning about the difference between traits and learned behaviors through interactive notebook entries. We are continuing our study of poetry in reading and writing. This week we wrote content based Acrostic poems while still working on our Memoir projects. Please do not forget that they are due on May 1st! We are halfway through Miss Peregrine's Home for Peculiar Children and the students are thoroughly enjoying it. Please be sure that your child is reading the chapters if they are out from school. Congratulations to Luca and Aaditya for making it to the school wide spelling bee!

## 3rd Grade

This week, third grade is celebrating earth day. Ms. Murphree's class is beginning to understand the detrimental effects of mining through a chocolate chip min-

ing experiment, going on a bird watch nature walk, and learning about alpine and arctic tundra. On Tuesday, we had a visit from Oakland Nature preserve and learned about conservation and Florida habitats.

## 5th Grade

The 5th grade classes have been strategically preparing for their FSA examinations this week. We took a break and enjoyed a visit from an 8-week old Finger Monkey thanks to Ms. Kish's class.

# Specials: Computers

Hello everyone!

We are ready for the another fantastic start ! Keep practicing on the new projects and learning new things :)

We are having the testing week so, 5th graders were getting ready for their FSA Testing, they did Study Island practice tests on their Chromebooks.

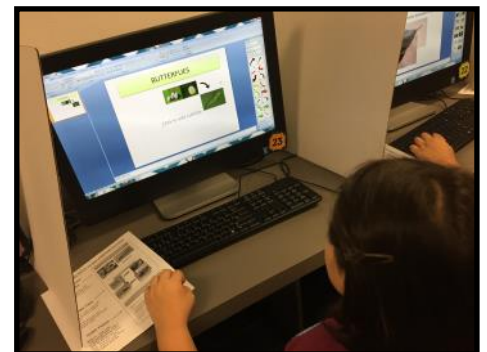

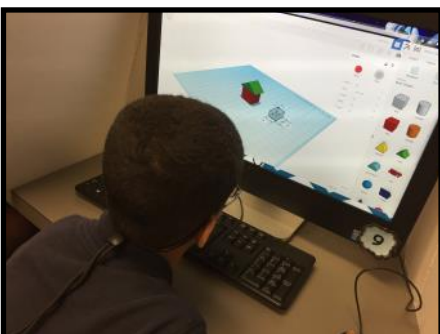

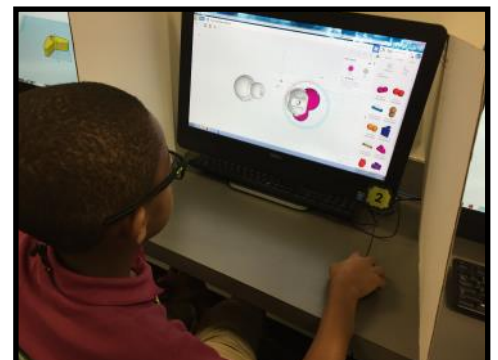

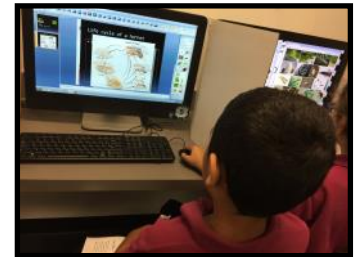

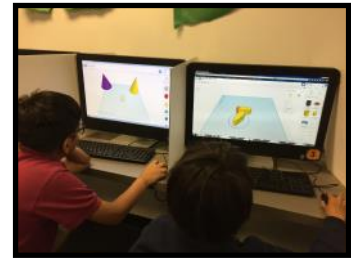

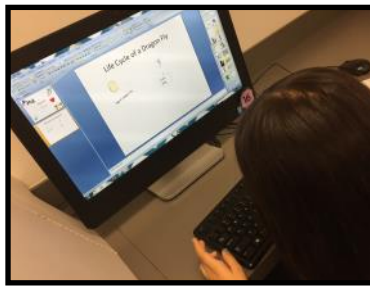

4th graders started doing 3D Printing. During working on 3D Printing, the students were assigned to use online CAD (Computer Aided Design) Program called as Tinkercad. So students created an account on that website and did some explorations on it.

3rd graders are working on their Country Project. They need to prepare 5 slideshow about the countries which they have chosen and to give some information about them.

2nd graders started to Insect Lifecycle Project on PowerPoint. They also developed their computer skills with clicking /opening and dragging the picture in order.

My Kindergarten students are developing their motor skills with the use of the computer mouse practically as well as they started using Starfall for reading book online.

Let's keep up the great works!

# **Congratulations!**

Earth Day 2017 at OSES kicked off with a volunteer (Mrs. Rachel) from the Oakland Nature Preserve ([www.oaklandnaturepreserve.org](http://www.oaklandnaturepreserve.org)) educating the 2nd, 3rd, and 5th grade students about conservation, deforestation, and environmental protection. Summer camps are available- check out their website!

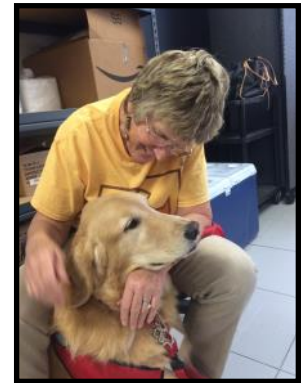

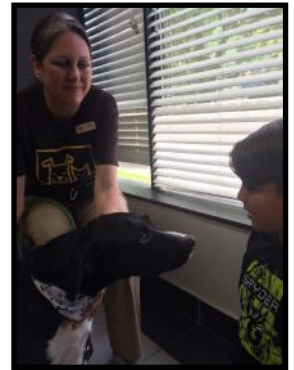

A very special guest, a Pygmy marmoset, named Talia and her owner, Dewey, visited various classrooms. The students' learned about her diet, her fragile habitat, and the purpose of protecting her species.

Throughout the week, the entire school took part in raising donations for the local animal shelter, Pet Alliance. Collectively, the school brought in 330 items!

The classes with the highest donations earned a pizza party and dress down. Congratulations to Ms. Menoff (K), Mrs. Bonnell (2nd) and Ms. Kish (3rd) grade students. On Friday, two special dogs, a Golden Retriever and a Labrador, and the Director, Cathy Houde educated the 1st and 4th graders about Dog Therapy and Bite Prevention.

The week ended with the 4th Annual Kite celebration. Classes learned about the history of this culture phenomena that has been around for centuries.

The kids had the opportunity to fly kites; some for the 1st time, some made their own, in the end; those who participated had a blast (especially since the weather was ideal). WE could not have done any of this without our wonderful, generous parents who make the OSES family. :)

A large pile of colorful Box Tops for Education coupons. The coupons are in various colors (red, yellow, blue, green) and feature the Box Tops logo and the word "EDUCATION". Some coupons have expiration dates like "EXPIRES 6/1/16" and "EXPIRES 8/1/14". The text "BOX TOPS" and "EDUCATION" is prominently displayed in white on a dark background in the center of the image.

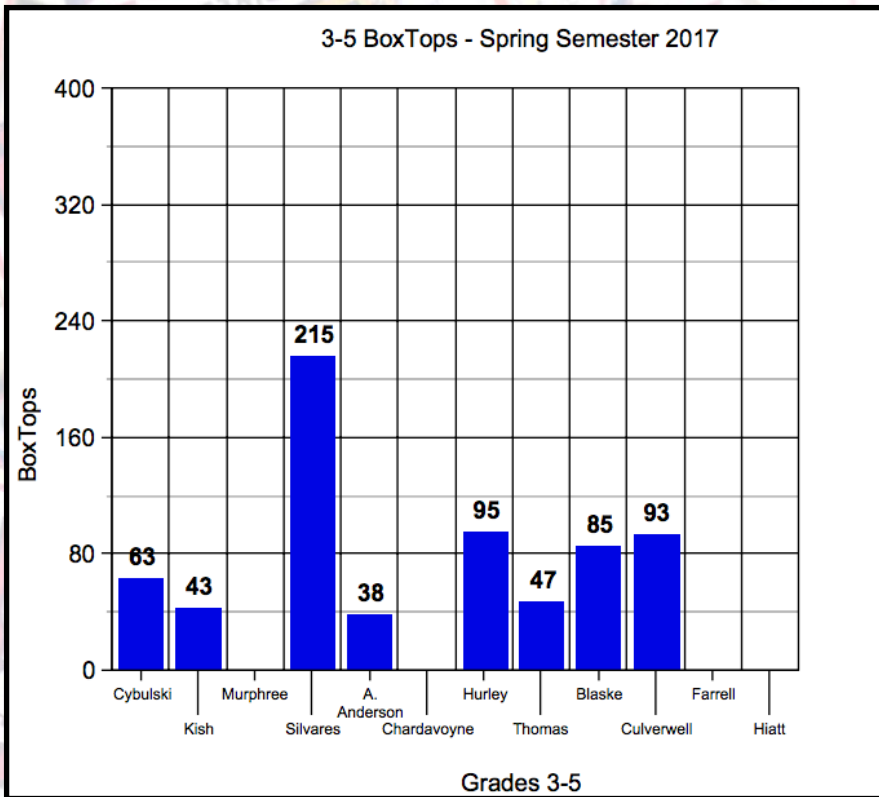

# BOX TOPS ROUND 2!

**If you didn't win the Box Tops  
Contest Last Semester...  
Here's your chance to try again!**

*Your class could win a PARTY  
courtesy of the OSES PVO!*

*Deadline will be announced soon...  
So start sending in those Box Tops!  
Good Luck!*

# ORLANDO SCIENCE ELEMENTARY

2611 Technology Drive Orlando FL 32804 Tel: 407.299.6595 Fax: 407.299.6594 <http://www.orlandoscience.org>

Dear OSES Families,

Orlando Science Charter School is excited to offer STEM summer learning opportunities for our students.

STEM Camps will be held for four weeks this summer, June 5-9, June 12-16, July 10-14, and July 17-21 from 9:00-4:00. Each week of camp will cost \$200 per student. For families with more than one child attending, each additional student will be charged \$150 to attend camp. Students may attend either one, two, three, or four weeks (each week will vary by activities). Half-day or single-day camp is not offered this year. Space is limited, so camp enrollment will be first come, first served basis. A daily snack will be provided for each student; however, they are responsible for bringing their own lunch each day.

Students must be dropped off through the cafeteria no earlier than 8:30am. Pick up will also take place in the cafeteria and students must be picked up no later than 4:30 pm.

While on campus students will be required to abide by the OSES code of conduct. Failure to do so may result in dismissal from camp.

Dress Code: OSES uniform is not required; however, the following items will not be permitted: Tight pants, shorts that are shorter than fingertip length, offensive t-shirts, spaghetti strap or halter style tops. This is mandated by administration and will not be permitted while on campus.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Singleton".

Michael Singleton  
Principal  
Orlando Science Elementary
