Principal's Corner

Dear OSSES Family Members,

Next week is Teacher Appreciation Week! Please join us in celebrating our OSSES teachers by showing them how much we appreciate them! See Page 10 for details on suggested themes for each day.

BoxTops have been UPDATED! Cut out your BoxTops and bring them in. The class who turns in the most BoxTops will win a prize. Check out Page 13 to see which classes are in the lead.

OSSES will be offering STEM Camp this summer! See Pages 14 - 17 for more details!

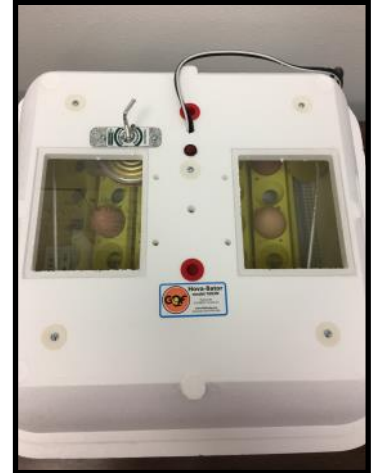

We hope you enjoy your weekend and look forward to seeing your student on Monday.

Sincerely,
Michael Singleton
Principal

Kindergarten

Another week has come and gone! Ms. Haecherl's class received their chicken egg incubator this week! All classes are anxiously awaiting the hatching of the chicks. Kindergarten has finished its unit on life cycles and has moved onto sound and vibrations in science. In social studies, the students are working on personal histories and how we can learn about the past.

We are coming to the end of the year and our field trip to Legoland approaches quickly! Just a reminder that all permission slips and money are due next Friday, May 5th. No payment can be accepted after the 5th. If you were wanting to chaperone, please make sure you've filled out your ADDitions application ASAP. Thank you!

In First Grade writing, the students paired up to read a biography of a famous/influential American, then write a brief biography, and create a statue to commemorate the person. Our phonics study looked at words with words with various prefixes and suffixes. In

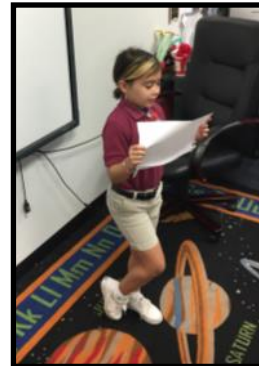

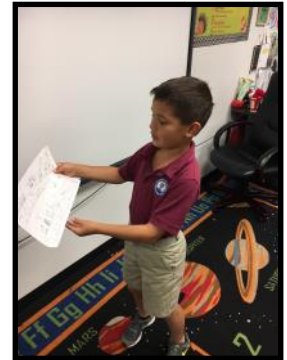

reading, we focused on the nonfiction text, "Apply Pie 4th of July" and "A Picnic in October" - these helped to introduce our new unit, all about America and its people. Our reading skill practice focused on identifying characters' feelings. Our grammar focus skill was prepositions.

1st Grade

Our social studies activities for the week investigated symbols of America. In math, we continued a review of all math skills learned throughout the year, focusing on analyzing word problems.

2nd Grade

This week, Mrs. Nelson's class created preposition comic strips. After learning about prepositions and prepositional phrases, students created a comic strip that included several prepositions. Students then had a chance to share their comic with the class. After each presentation, the class identified examples of prepositions found in the comics.

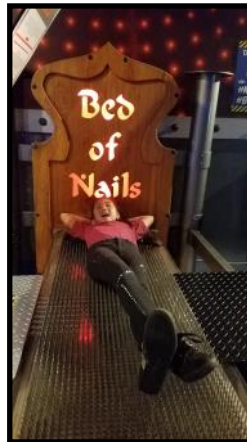

Last Friday, 2nd grade students enjoyed their first music field trip! Students listened to a presentation of Goldilocks and the Three Bears by the Orlando Philharmonic String Quartet. Students were then able to visit different stations in the lobby.

3rd Grade

This week the 3rd graders started working on their biomes! We are going to wonderworks on our field trip this Wednesday, but even more exciting, Genius Hour Presentations started in Mrs. Cybulski's Class! Students were allowed to research anything they wanted for 2 months, and now they are teaching the rest of the class what they learned. Our topics ranged from "DNA and Chromosomes" to the "Building and Programming of Robots"!

4th Grade

4th grade has been very busy this week! Mrs. Anderson's and Ms. Charavoyne's classes took the Math FSA on Monday and Tuesday. Both classes also finished their Math FSA review centers. The Chicago Cubs won for best teamwork, participation, and behavior. Students in this group were rewarded with an ice cream party on Wednesday to celebrate. In Ms. Chardavoyne's class, students have been discussing Florida industries and how transportation helped increase the population. Students worked in partners to create vintage Florida postcards. 14 students were rewarded with a donut party for gaining 50% of the blue ribbons in either Math or Reading Study Island assignments. Congratulations! Mrs. Anderson's class began a new unit on biomes and ecosystems, and completed a research WebQuest to learn more about these concepts. They also participated in an area and perimeter area activity involving Cheez-Its. They are continuing their poetry study and discovering new ways to interpret poetry. Their memoir projects are due next week and they are

looking forward to the class presentations! Ms. Thomas' class started a new unit on dividing decimals in Math. They are continuing their novel study of *Miss Peregrine's Home for Peculiar Children*. They have also been working on several exciting project! The first project is the Big Dreams Project, in which students are researching college and career aspirations! They began by taking a personal career aptitude test to get an idea for what kind of career options they might be interested in; they then researched the five best colleges in the country for those options. The second project is an in-depth study of the human body! They spent this week learning about the circulatory system. Students are now able to explain the difference between oxygenated and deoxygenated blood, as well as how blood flows through the human heart and travels through the blood. Students were fascinated to learn that it is possible through technology to keep a human heart beating outside of the body! Wow! 15 students in the class were also rewarded with a pizza party this week in order to celebrate getting blue ribbons on 100% of their Study Island assignments in Math and Reading! Way to go!

5th Grade

The 5th graders were busy this week in science preparing for the Science FCAT 2.0 test on Monday, May 1 and Tuesday, May 2. While learning about energy they worked on wiring their own electrical circuits with a switch to turn the lights on and off. The students also had fun creating precipitation art projects while learning about the weather.

Specials: Young Music Makers!

Music gives a soul to the universe, wings to the mind, flight to the imagination and flight to everything. - Plato

K-2 had a wondrous field trip last Friday, where they went to the Plaza live to see members of the Orlando Philharmonic perform music from Goldilocks and the Three Bears. After the performance they were able to go around to 5 different music stations which included instrument tryouts, musical steps, coloring, and a photo opp. They had so much fun with this opportunity.

4th and 5th grade are still working on mastering their recorder technique as well as 3rd grade getting ready for their live performance for K-2. They are all working extremely hard towards their end of year test.

OSes Teacher Appreciation Week

May 1st –May 5th

Please join us in celebrating our OSes teachers by showing them how much we appreciate their efforts!

Monday – May 1st Thanks for Being a Soaper Teacher

Start off this fun week by bringing items that treat your teacher to a few moments of relaxation (soaps, candles, fragrances, lotions, etc.).

Tuesday – May 2nd Hand Made Appreciation

Create handwritten notes, art, or cards that highlight the best qualities of your teacher.

Wednesday – May 3rd “Supply” Them with Appreciation

Surprise them with classroom supplies like fun pens, paperclips, note pads, etc.

Thursday – May 4th Let Them Know How Much You’ve Grown

Bring in a single flower, bouquet, or plant to make their day.

Friday – May 5th Gift Cards

Everyone loves a gift card!
Send one in for your teacher to enjoy.

Please note these are only suggestions. Sometimes a sincere thank you is just as effective. Feel free to show your appreciation in any way you feel appropriate.

Earlier this month, PVO hosted a Movie Night. OSES families came dressed in pajamas with troll hair to watch the movie Trolls. Students and parents made some Troll pencils and there was singing and dancing to the music!

A large pile of colorful Box Tops for Education coupons, featuring various expiration dates and the 'Box Tops for Education' logo. The coupons are scattered and overlapping, creating a vibrant background for the text.

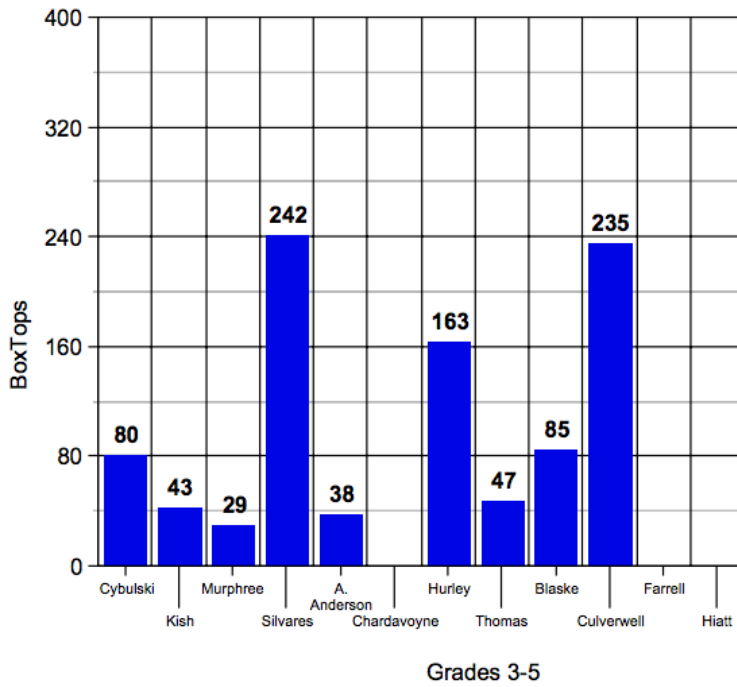

BOX TOPS ROUND 2!

**If you didn't win the Box Tops
Contest Last Semester...
Here's your chance to try again!**

*Your class could win a PARTY
courtesy of the OSES PVO!*

*Deadline will be announced soon...
So start sending in those Box Tops!
Good Luck!*

ORLANDO SCIENCE ELEMENTARY

2611 Technology Drive Orlando FL 32804 Tel: 407.299.6595 Fax: 407.299.6594 <http://www.orlandoscience.org>

Dear OSES Families,

Orlando Science Charter School is excited to offer STEM summer learning opportunities for our students.

STEM Camps will be held for four weeks this summer, June 5-9, June 12-16, July 10-14, and July 17-21 from 9:00-4:00. Each week of camp will cost \$200 per student. For families with more than one child attending, each additional student will be charged \$150 to attend camp. Students may attend either one, two, three, or four weeks (each week will vary by activities). Half-day or single-day camp is not offered this year. Space is limited, so camp enrollment will be first come, first served basis. A daily snack will be provided for each student; however, they are responsible for bringing their own lunch each day.

Students must be dropped off through the cafeteria no earlier than 8:30am. Pick up will also take place in the cafeteria and students must be picked up no later than 4:30 pm.

While on campus students will be required to abide by the OSES code of conduct. Failure to do so may result in dismissal from camp.

Dress Code: OSES uniform is not required; however, the following items will not be permitted: Tight pants, shorts that are shorter than fingertip length, offensive t-shirts, spaghetti strap or halter style tops. This is mandated by administration and will not be permitted while on campus.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Singleton".

Michael Singleton
Principal
Orlando Science Elementary

1st, 2nd, 3rd Grade Camp Daily Schedule

8:30-9:00: Morning Arrival

9:00-10:00: Technology (Coding, Robotics, Computer Skills)

10:00-10:15: Snack

10:45-11:45: Engineering (Building, Design, Creations)

11:45-12:00: Brain Break

12:00-1:00: Lunch

1:00-1:15: Recess

1:00-2:00: Math

2:00-2:15 Snack

2:15-3:15 Science (Projects, Trial and Error, Experiments)

3:15-3:30 Outside Play

3:30-4:00 Pick Up

4th, 5th, 6th Grade Camp Daily Schedule

8:30-9:00: Morning Arrival

9:00-10:00: Engineering (Building, Design, Creations)

10:00-10:15: Snack
