OSS RECYCLES

Turn Markers

Into Energy!

Dear Parents,

I'm excited to tell you about a very special program I'm coordinating at our school in conjunction with Crayola. It's called Crayola ColorCycle – an amazing program devised to repurpose used markers rather than sending them to landfills!

The ColorCycle program has repurposed more than 70 tons of expended markers in the United States and Canada since 2013, and uses the most advanced plastic conversion technologies available today to make wax compounds for asphalt and roofing shingles as well as to generate electricity that can be used to heat homes, cook food, and power vehicles.

All year round Orlando Science students and teachers will be collecting used markers that are ready to be discarded. Please help support our efforts by sending your kids in with any used markers you may have around the house—even non-Crayola brands! Highlighters and dry erase markers can also be included. Drop-off boxes will be located around the school for your child to deposit the markers.

Thank you in advance for participating! With the help of parents like you across the country, the Crayola ColorCycle program can continue to keep tons of plastic out of landfills each year.

Remember, don't throw out that used marker—*ColorCycle it!*

Sincerely,

LeSha Martinez

Attention Parents:

Please do not drop your students off at the front before 8:10AM. You must go through the car line and drop them off in the back. This is for the safety of the students as there is not always someone up front to let them in.

Thank You!

CLINIC REMINDER

Please do not send your child to school with medication. All medicine must be brought to the clinic by a parent. OTC medication must be SEALED/UNOPENED when brought in.

Thank You
